Subject: RE: 3744 S. York-Dumping of Grass Clippings in Storm Drain

Since both this complaint and the one concerning dumping RV waste down a storm drain occurred outside the city limits, I have contacted both Tim Smith of Greene County and Kevin Hess of DNR. DNR will follow up on the RV waste dumping, but the County does not have any regulations on the dumping of grass clippings.

Subject: 3744 S. York-Dumping of Grass Clippings in Storm Drain

I received a call from a man that lives in Green Tree Hills subdivision that witnessed a neighbor at 3744 S. York dumping collected grass clipping in a storm drain near his home. The person with the complaint would like for you to call him at 889-8410 to see what can be done to prevent this from happening. He said he takes his clippings to the dropoff site and so should his neighbor. Let me know if you have questions.

Subject: RE: RV Holding Tank Dumping

Randy, I got a call from the Night and Weekend personnel yesterday evening and I told them to call the Springfield Greene County Health Dept and MDNR. I assume that they called these people. They had determined that it was in Greene County which is the reason they called me to see what to do.

Subject: RV Holding Tank Dumping

Jim, I received a call from Jim Quintus (888-6505 work phone) this morning. He said a neighbor at 2004 W. Blakey dumped the holding tank of an RV down the storm sewer on W. Blakey yesterday. He called the City night/weekend number and they indicated they would send someone to look at it and refer it to the proper authorities. We received no information from the night/weekend crew relating to the incident. I explained to him that the wastewater utility regulates discharges to the sanitary sewer in the County, but releases to the environment would be the jurisdiction of the County or MDNR. Mr. Quintus wants to do whatever it takes to prosecute this person for the violation and would like for you to call him. Let me know if you have any questions.

I am interested in the actions taken as I'm sure this happens in the City at times
